

Jubilee Gang Ministries Consulting

Jerry and Candy Moyer have a combined 55 years experience in children's and youth ministry. Jerry has over 25 years' experience in Children's Ministry. 25 years as a Children's Evangelist and over 12 years as a Children's Pastor.

Since starting The Jubilee Gang in 1991 he has ministered in 44 States, Puerto Rico, Canada, and Russia and in over 25 different denominations and a host of non-denominational churches and have seen over 20,000 people born again during Jubilee Gang events. He has trained children's workers from coast to coast in America and across the globe in several other countries. Jerry has pioneered several children's ministries in local churches and has built them from the ground up. He also has over 15 years of experience setting up lighting systems and media for worship and children's ministry.

Sometimes an outside honest voice is needed to see things that have been holding your church back for years. Things that have been ignored or have been overlooked because this is the way it's always been done. Jerry can provide your church or ministry with insight on how people coming to your church for the first time see things. He is able to share in a loving way why things might need to change to help your church grow.

Area's Jerry is available to consult your church or ministry

1. Taking your children's ministry to the next level.
 - a. Jerry can on site assess your children's ministry and share from over 25 years of experience how to take your children's ministry to the next level in the following areas.
 1. Recruiting, training, and maintaining workers.
 2. Organizing for success.
 3. Check in, safety, and security
 4. Using online tools to schedule workers and distribute curriculum.
 5. Room design
 6. Lighting and media.
 7. Effectively running your children's ministry
 8. Provide resources needed

2. Lighting and media

- a. Jerry can onsite assess your auditorium or children's ministry room to help provide the resources and equipment needed to take your services to the next level with lights and media. Jerry has set up, designed, and ran lighting in small, medium, and large venues. He has developed lighting systems on small to large budgets. Most lighting stores will sell you what they have in stock and want to get rid of. Most churches after spending a lot of money on their first lighting system find out that it is inadequate and they need to spend more to get what they really need. Jerry can assess your space and design a lighting system that will meet your needs within your budget and help you find the right lights at a good price the first time.
- b. Jerry has written several articles on Children's Ministry. You may read one of them called **Lighting and Tech in Children's Ministry** at the link below...
